

Proguard: Peace of Mind

Proguard is a third-generation, family-owned business that has been in the automotive industry for over 70 years. We sell exclusively through dealers, never direct, because we believe in the value and expertise they bring to their customers. We provide day one coverage and transparent contracts, offering complete protection.

Our products are fully insured and transferable, providing additional confidence that the plan you buy today will protect you for many years to come.

Claim service is our top priority and our dedicated team of professionals is available anytime to walk you through your questions. If you have a mechanical issue, claims are paid quickly and directly so you are never out-of-pocket and back on the road without delay.

With the iQ Tech Package, claims are easy.

Call us, and wherever you are we can recommend a **Proguard Select** Repair Facility that we trust to provide the best standard of care anywhere in the nation. If you'd prefer to take the vehicle to your local service center, that's fine with us.

Drive, or if necessary, have your car towed to the repair facility.

Have them contact us to authorize the repair and once approved, we'll pay them directly. That's it.

If you have any questions,
we're here to help.

Simply call us at 877.474.9462 or visit

PROGUARD
AUTOMOTIVE
Vehicle Protection Products

For a fraction of the cost to repair the equipment you rely on, you can purchase the iQ Tech Package for most vehicles that are less than ten model years old and up to 80,000 miles at time of purchase. The extensive list of Factory installed technology coverage includes:

Proguard Protects Your Investment

Today's vehicles rely on smart technology instead of mechanics to operate, which has greatly enhanced the capabilities of even simple components like seats and mirrors. Once you've used back-up cameras or Bluetooth for hands-free calls, you can't imagine driving without these must-have items.

As with anything high-tech, these components are made up of complex parts that can cost several thousand dollars to replace and are rarely covered under a protection plan.

Average Repair Costs

Adaptive Cruise Control	\$2,350
